Description

Designed and finished to the highest standards inside and out, this is an opportunity to come home to the ultimate city penthouse.

The Tower takes the historic landmarks as its reference and draws inspiration from the rich tradition of campanile buildings, or bell towers. The Tower was designed to specifically complement other campaniles in and around the area, including most notably the OXO Tower, Tate Modern and Big Ben.

This wonderful three bedroom penthouse with roof terrace is perfectly located to admire panoramic and uninterrupted views of London. The cleverly designed living and dining area leads onto a fully equipped open plan kitchen.

The master bedroom on the 18th floor captures incredible views of London's skyline. It boasts an impressive walk in wardrobe, and like the two other bedrooms in this stunning apartment, benefit from en-suite bathrooms.

The roof terrace brings a new level of luxury to this apartment. With space for three separate living areas and equipped with a kitchen and hot tub, you are able to fully admire the views from the pinnacle of the development without being overlooked by anyone.
